

MIDTOWN TENNIS MANDATORY GUIDELINES

For the health and safety of our clients, staff, pros and all of our families, we must adhere to the following guidelines.

Please do your best to adapt to our “new” normal.

- Masks are mandatory for all players, staff and tennis pros during program.
- Children ages 5-11 and older must present proof of at least one vaccination. Everyone ages 12 and older must provide proof of 2 vaccinations.
- All players will be checked in at the front door at 27th Street and 8th Avenue. You may drop off your child no more than 5-10 minutes prior to their class start time. We ask that you pick your child up promptly at that same entrance at the conclusion of their class. There will be a monitor supervising the drop off and pick up during all program start and end times.
- To avoid crowding and maintain social distancing, we ask that you wait for your child outside the Club and not enter the Club whenever possible.
- If you must enter the Club, we will allow one visitor per family 15 minutes after the class starts and until 15 minutes before the class ends.
- Locker rooms will be available for hand washing and restroom use only. Limit of 4 people in the locker rooms at any given time. Use of the showers is not permitted. Please bring your child ready to play whenever possible.
- There will be no towel service. Please bring your own towels.
- The water fountains and coolers will not be available. Please send your child with their own water bottle, marked with their name. Water and Powerade will be available for purchase in the vending machines.
- A sanitizing and wiping station at the front entrance is available for hands and equipment. Please sanitize upon entering the Club.
- All players must bring their own racket. If they do not have a racket, they can rent one for \$10 at the front desk.
